

CHARGES MADE BY BUTLER DENIED BY GEN. WOOD

Declares His Managers Were Men of Character

WHOLE ISSUE IS REVIEWED

CHICAGO, June 15.—Major General Leonard Wood, in a signed statement tonight characterized as a "vicious and malicious falsehood," a declaration by Nicholas Murray Butler that a "motley group of stock gamblers, oil mining promoters, munition makers and other 'like persons' backed the general's campaign for the Republican presidential nomination. General Wood said he regretted to make the statement, but that it was necessary to "brand a fakir and to denounce a lie."

Declaring that the men who managed his campaign were of extraordinary high character the general said that attack upon them as "infamous" and that Mr. Butler's action was "an attempt to ingratiate himself with certain elements which exercised a determining influence at the convention."

The statement follows: "I have just read the statement issued in New York by Nicholas Murray Butler to the effect that a motley group of stock gamblers and others tried to buy the presidential nomination for me, and that the forces who were defeated in their insistent attempt to buy the nomination representative that is worst in American business and political life.

"The statement is a vicious and malicious falsehood. I would ignore it if it were directed at me alone but I cannot remain silent when my loyal friends and supporters are vilified.

"Colonel William Cooper Proctor, chairman of my campaign committee is a man of extraordinary high character, known throughout the length and breadth of the land for his absolute integrity and honesty. His associates were men of like character most of whom responded to their country's call during the war. They typify a group of progressive Americans. The attack upon them is infamous.

The forces which brought me before the convention with preponderant force were hundreds of thousands of patriotic men and women in every walk of life who have indorsed me at nationwide state conventions nationwide state primaries and a nationwide poll of unprecedented size.

"This action of Nicholas Murray Butler is an attempt to ingratiate himself with certain elements which exercised a determining influence at the convention and possibly to explain his own political weakness. It is a self-seeking cowardly attack, made under the cloak of an alleged public service, which was never intended or rendered.

"I regret to make a statement of this kind but it is necessary in this instance to brand a fakir and denounce a lie."

DISCUSS MAKING LOANS TO CHINA

NEW YORK, June 15.—The first organization meeting of the Consortium for China, consisting of British, French, Japanese and American banking groups, will be held here about September 15, it was announced in a statement tonight by Thomas W. Lamont of J. P. Morgan & Co. Mr. Lamont has just returned from a trip to the orient as representative of an American banking group.

"The consortium," he said, "has no plan of exploitation laid out for China, nor will it undertake to function except with the hearty co-operation of the Chinese people."

Until the arrival of the British, French and Japanese banking groups, Mr. Lamont said he did not expect to see any great activity in the way of loans to China.

STEPS TO URGE U. S. TO RECOGNIZE SOVIET RUSSIA ARE BLOCKED

Movement of Radicals at Labor Convention Vote Down Plan

MONTREAL, June 15.—Movement to call on the United States to recognize the soviet government or lift blockades against soviet Russia was blocked in the annual convention of the American Federation of Labor today after heated debate.

The convention adopted by an overwhelming vote the report of the resolutions committee opposing any action. The committee report declared the federation would not be justified in taking any action that might be construed as an assistance to, or approval of the soviet government so long as it is based on authority which had not been vested in it by a popular national representative assembly of the Russian people, or so long as it endeavors to create revolutions in well established civilized nations, or so long as it advocates and applies militarization to labor and prevents organization of and functioning of trades unions and maintenance of free speech, free press and free public assemblies.

John Fry, chairman of the resolutions committee said it had ascertained on the highest authority that the soviet government is an autocratic militaristic government that does not believe in democracy, and is ruling by iron hand of the dictatorship. Extracts from Lenin's speeches which he read showed Mr. Fry declared, Lenin believed in making trades unions subservient to the soviet government and labor compulsory.

James A. Duncan of the Seattle trades council declared the committee had made a camouflaged report to deceive workers in Russia. The true situation in Russia, he said, was much better than reported, he said, and added that President Wilson and Premier Lloyd George approved recognition of the soviet government but had not "the courage of their convictions to stand up and declare for it."

James Duncan of Washington, D. C., first vice president of the federation answered in defense of the committee report. He read a telegram from Secretary of State Coby which said the existing government did not "represent the will or consent of any considerable proportion of the Russian people."

David Grange a New York delegate said the greatest trouble in America was the Bolshevik plotters who are trying to disrupt organized labor.

"I don't care what President Wilson or Lloyd George have approved," he said, "but I do know we have a good enough form of government here in America for me."

The convention took no action on a demand that it send an investigating commission to learn the "true facts" in Russia.

An amendment to the report which urged the government to uphold the blockade of Russia and protested against supplying munitions to nations at war with Russia was defeated. It also passed over motion that the convention use its influence to bring about withdrawal of armed forces of all foreign powers now opposing the Bolsheviks.

SUNDAY SCHOOL CONGRESS OPENS

SPRINGFIELD, Ill., June 15.—Six hundred delegates from the southern states arrived here tonight to attend the fifteenth annual Sunday school congress, which opens tomorrow when the local entertainment committee voice their fear that all the two thousand delegates are coming and that there would be no place to keep some of them. The congress is a negro organization. Delegates from every state in the union, and probably from the Panama zone will reach here before the convention adjourns June 21. Those already arrived will parade with local Sunday school members and workers tomorrow noon to the convention hall in the Springfield high school.

President C. H. Clark of Nashville will preside.

EMBARGO PLACED ON EXPORT GOODS

BALTIMORE, June 15.—Owing to the steady increase in export freight in Baltimore the Baltimore & Ohio has placed an embargo on grain went into effect yesterday, while that on general merchandise has been in effect since last Wednesday.

Baltimore & Ohio officials say their terminals have become congested owing to the limited number of vessels coming into port to take away the accumulation.

THREATS OF BOLT MADE AT TUESDAY CON CON MEET

Heated Debate Over The Legislative Article

NEITHER SIDE WILL YIELD

SPRINGFIELD, Ill., June 15.—Threats of bolting the convention and charges of "crucifixion" of the new constitution which have enlivened meetings of the legislative committee of the constitutional convention will be reiterated tomorrow from the floor when basic law makers open debate on the legislative article.

Consideration of the majority report, which would reduce Cook county's membership in the house of representatives to sixty-five and of two minority reports will consume at least two days. One minority report, backed by David E. Shanahan and other Chicago delegates would secure Cook county an undiminished representation. The other prepared by Delegate Frank Quinn of Peoria is offered in opposition to both the majority report and that fostered by Cook county, because they would both abolish minority representation in the lower house. Debate of this will not compare with the other features over which Cook county and downstate have split.

To incorporate such a provision in the new constitution Cook county delegates have argued will be "to crucify it" in advance. Voters then, they have asserted will surely reject it. Should downstate delegates persist in their uncompromising attitude, Cook county delegates among their other threats have declared they will bolt. They held a caucus tonight.

This afternoon debate was started on the section proposed by Senator Henry M. Dunlap of Savoy, chairman of the committee on agriculture which would give the general assembly authority to make laws on farm land as security. Earlier in the day the final report of the executive committee was adopted by a vote of 14 unopposed, including section 14 unopposed, giving the governor power to call out the state troops at his own discretion; and section 29, giving the auditor of Public Accounts authority to audit the books of all county, school and town officers.

TELLS STORY OF KILLING PLAYMATE

PEORIA, June 15.—After Raymond Herath, aged 13 years had sobbed out the story of his shooting Audie Parker, his 9 year old pal, the coroner's jury today returned a verdict of death from wounds in the back of the head, accidentally inflicted by a gun in the hands of Raymond Herath.

The jury also found that the youth did not know the gun was loaded.

"We had been playing over my house all morning," Herath told the jury. "After the youth went over to Audie's house, we played in the back yard most of the time watching the dog kill a rat. Pretty soon we went into the front room. We played around a bit and then Audie went over to the window.

"The top drawer of the dresser was open and I saw the revolver in it. Audie was always playing with it and I did not know it was loaded. I took it over to Audie and pointed it at him and pulled the trigger. He fell down on the floor. Then I was scared. I heard some one coming and I ran up stairs and jumped out of the window."

The body of the slain boy will be taken to West Frankfort Ill., tomorrow morning for burial.

LaFOLLETTE MAY HEAD NEW PARTY

CHICAGO, June 15.—Senator Robert M. LaFollette is leading in the referendum vote which is being taken among the members of the committee of forty-eight as a suitable candidate for the presidential nomination, according to statements at the party headquarters last night. Leaders, prominent in the committee, said they are figuring upon the support of the LaFollette Republican farmers, labor and the non-partisan league membership. They do not anticipate that Johnson or Borah will bolt the Republican party, they said.

FURNITURE SUPPLIES WILL BE SHORT

Chicago, June 15.—A short supply of stock, rains in the south and labor troubles will result in a limited production of furniture and allied products this year, according to reports presented today at a meeting of the National Paint Manufacturers association. A return to normal early next year was predicted by speakers.

Kansas City, June 15.—Best grades of dressed beef sold ten cents a pound higher at wholesale here today than the prevailing price of several days ago. Lower grades increased two to five cents a pound.

Three Negroes Lynched By Minnesota Mob

DULUTH, Minn., June 15.—Three negroes were lynched here tonight by a mob estimated at 5,000 persons, which overpowered the police, took possession of police headquarters and seized the negroes, who were held in connection with an attack on a white girl.

Not a shot was fired in the attack on the police station, the members of the mob using bricks and other missiles, and in the final stages of the fight streams of water from fire hose, taken from the police themselves.

A mock trial was held by the mob in the station and three negroes were found guilty and three others also held in connection with the assault were acquitted and turned back to the police.

Shortly after midnight the mob still surrounded the police station, but there was no indication of further trouble. The police believed the mob would disperse in a few hours.

Eight policemen and a newspaper reporter suffered minor injuries in the attack on the police station. They were hit by bricks or other missiles, or were swept off their feet and severely bumped in the water fight.

It was reported three or four trucks and automobiles, loaded with members of the mob, had started at midnight toward Virginia, Minn., where it was said four other negroes had been arrested in connection with the same case. The negroes were custabounts with a circus that appeared here yesterday and the attack on the 17-year-old white girl took place on the circus grounds last night. The circus was in Virginia today and it was said eight negroes were taken into custody there, but only four held.

One report was that the Virginia authorities and John Murphy, Duluth's chief of police, had started back to Duluth with these four suspects before the mob trouble broke out here, but it was understood that the party had been diverted to another city.

The negroes hanged were, Isaac McGhie, Elmer Jackson and Nat Green. McGhie, 22 years old, was arrested at 11:30 p. m., and 11:45 p. m., respectively. All professed their innocence. First indications the downtown district received of the trouble brewing came at 7 o'clock when trucks loaded with men dashed up and down principal streets, the men killing "volunteers to avenge the wrong done the white girl."

There was ready response, and the mob numbered 5,000 shortly after 8 o'clock. Then the storming of the jail began.

The police station is located just west of the city hall between Superior and Michigan streets, with a front entrance on the former street, Duluth's main

FUEL SHORTAGE THREATENS NEW ENGLAND STATES

Embargo Placed on Coal to Relieve Situation

MAY REACH OTHER STATES

WASHINGTON, June 15.—(By The Associated Press.)—An embargo on coal exports to relieve serious fuel shortages, notably in New England, was taken up for consideration today by several government departments.

Reports from New England to the interstate commerce commission have told of a coal shortage so serious that in some municipalities only two days' supply is on hand. Other sections of the country are said to be facing similar problems altho relief has been effected in some cases. The railway congestion and the strike of marine workers are held to be the principal contributing factors.

Enactment of the harmful influence of these factors was the subject of a conference today between Attorney General Palmer and members of the Interstate Commerce Commission. Means of dealing with the rail congestion and marine labor troubles were understood to have been agreed upon.

Restoration of normal transportation conditions by rail and by water, however, officials said would not bring complete relief, for that reason, the question of an embargo, similar to that during last fall's coal strike is considered.

During the war, the fuel administration was possessed of power to declare an export embargo on coal, but the transfer of fuel administration to the director general of the railway administration and the later placing of his powers in the hands of the secretary of the interior have clouded the question of whether an embargo could be laid without additional legislation.

CARUSO CHAUFFEUR PLACED UNDER ARREST

EAST HAMPTON, N. Y., June 15.—George Fitzgerald, chauffeur for Enrico Caruso, opera singer, whose home recently was robbed of jewels valued at \$500,000, was arrested tonight on a charge of violating the Sullivan law by having a revolver in his possession without a permit. He, with other employees, has been detained on the Caruso estate since the jewel theft.

The chauffeur, when bidding good-bye to his wife and children, said, "don't worry, I am innocent."

He recently engaged personal counsel. He was held in \$1,000 bail for a hearing Friday.

Meanwhile, District Attorney Young continued his plans for a John Doe inquiry into the jewel theft which will be held Friday. Twenty witnesses, including Fitzgerald and all Caruso servants, have been summoned.

Fitzgerald was released late tonight on bail furnished by a gardener on a neighboring estate. He returned to his quarters on the Caruso estate.

LENROOT WILL STICK BY TICKET

SUPERIOR, Wis., June 15.—While expressing regret at the nomination of Senator Harding by the Republican convention, Senator I. L. Lenroot of Wisconsin in a statement today declared that "in this situation there can be but one choice, it seems to me, and that is to heartily support the Republican ticket."

He added that "there is much talk of a third party," and said: "This if supported by progressives would only insure Democratic victory. If when elected Harding shall adopt reactionary policies and be controlled by the old guard I shall be among the first to join a new political party."

POTATO PRICES DROP

Kansas City, Mo., June 15.—The wholesale price of potatoes dropped nearly \$2 a hundred pounds today and dealers predicted further drops. Southern new potatoes sold from \$7.75 to \$8.25 hundred weight. Wholesale dealers said the break was due to increased supplies.

MARSHALL DECLARES G. O. P. DISPLEASED WITH SEN. HARDING

Claims Wilson Could be Re-Elected if He Desired to Be

SAN FRANCISCO, Cal., June 15.—The Republican leaders here are less pleased with the nomination of Senator Warren G. Harding, for the presidency than they were last Saturday, was declared by Vice President Marshall on his arrival tonight to attend the Democratic national convention.

He added that he was not a candidate for the presidency but was about to retire. He declared that President Wilson did not want a third term, but could be nominated and elected if he did.

Of Senator Harding's candidacy he said:

"The Republicans are not so well pleased now as they were Saturday night. Personally I have high regard for Senator Harding. I would do anything for him except vote for him. The Republicans are making a mistake in thinking of the November election as a foregone conclusion and of the Democrats as a disorganizing defeated party. They are going to find us much alive."

Mr. Marshall decried lavish expenditures of money in connection with presidential campaigns.

"It was disheartening," he said, adding he regretted the Republicans were not the only guilty ones.

Of the Democratic convention and his part as a delegate, he said:

"I am here to promote peace and good will among the Democrats." He said so far as the convention was concerned, "there is no Irish question" and of prohibition enforcement he declared, "Nothing is so detrimental to the country as the passage of laws and the ignoring of those laws."

In reference to his retirement he said:

"I am an old man who has torn his hair for Bryan, slaved for Parker and done his hardest for Wilson, and I am about ready to retire from politics."

JACK JOHNSON MUST LEAVE MEXICO

SAN DIEGO, June 15.—Department of justice officials were waiting late today at the border for Jack Johnson, the heavyweight, would cross before night. Johnson, it was reported had been given 24 hours by Mexican officials in which to leave Mexico and would have to cross into the United States either today or early tomorrow.

The Mexican officials' action had been expected by United States officials who said it had been known that Governor Esteban Cantu had been opposed to Johnson remaining in Lower California.

EL CENTRO, Cal., June 15.—

The newspaper El Monitor to day printed the statement that Luis Cacho at Tia Juana had ordered Johnson, former world's heavyweight champion, to leave the territory within thirty days from June 5.

Mistreatment of several Mexican girls, including his wife's maid, was said to be charged against Johnson.

WILL INCREASE COMMON STOCK

CHICAGO, June 15.—Stockholders of the International Harvester company will meet July 22 to consider a proposal to increase the common stock to pay 12 1/2 per cent stock dividend and to take action on a profit-sharing plan for employees. Directors today increased the rate of cash dividend on the common stock from 6 to 7 per cent.

The increase to be considered by the stockholders would be \$30,000,000 of which one-third would be used to pay a 12 1/2 per cent stock dividend on the present \$80,000,000 of common stock the balance to be available to pay 2 per cent semi-annual stock dividends.

NO RESTRICTIONS FOR CHICAGO BATHERS

Chicago, June 15.—There will be no restrictions on styles of bathing suits permitted on Chicago municipal beaches this summer, "individual conscience," William Burkhardt, deputy commissioner said today.

"Let your conscience be your guide," he declared in announcing that the beaches would be opened June 26.

SEEK TO INCREASE FARES

Chicago, June 15.—The Chicago elevated railroads will petition the Public Utilities commission this week for an increase in fares of two cents. Britton I. Budd, president, said today at a hearing before the commission. The surface lines today asked the commission for authority to increase fares to 8 cents, asserting that wage advances made higher rates necessary.

HEARING POSTPONED

Chicago, June 15.—Arguments on the appeal of William D. Haywood and ninety-three other W. W.'s, convicted of violating the espionage act, were indefinitely postponed again, when called in the federal court of appeals today. The postponement was made necessary by the illness of Presiding Judge E. C. Baker.

HARDING PLANS TO CONDUCT FRONT PORCH CAMPAIGN

Opposes Barnstorming He Tells Newspaper Men

WILL KEEP SENATE SEAT

WASHINGTON, June 15.—Senator Harding, Republican presidential candidate, indicated in a conference today with newspapermen his opposition to a "barnstorming" campaign. His preference on the senate prior to the campaign from his home in Marion, Ohio, with a limited number of set speeches. He also made it clear there would be no delay in opening the campaign announcing it would not await the official notification of his nomination. The notification, he said, would not take place by July 15 at the earliest.

Friends supplemented his statement as to the kind of campaign he desires with the assertion he believed the office of chief executive was too high and to important to be sought thru whirlwind campaign tours.

Senator Harding also announced today he would not resign his seat in the senate prior to the termination of his term on March 3, but would withdraw his petition filed at Columbus entering the August primaries for re-election.

Work of preparing his speech of acceptance has not been started by the nominee and it is expected he will defer it until after the conference with Chairman Harvey and other party leaders tentatively fixed for Monday.

"Great care must be taken in preparing this speech," Senator Harding said. It represents the candidate's interpretation of the platform.

Mr. Harding received but few visitors today and he continued his efforts to clear away the vast amount of letters and telegrams congratulating him.

Leslie M. Shaw, former secretary of the treasury was one of his few callers. Others were Senator Smoot, Republican, Utah; Thomas of Colorado, Chamberlain of Oregon, and Walsh of Montana, Democrats.

Sold in Home Town

Marion, O., June 15.—To make Marion county as nearly unanimous as possible for Senator Harding, Republican nominee for president, steps were taken today to form a county Harding For President Club, following the appointment of an executive committee, composed of three Democrats and four Republicans. The Caledonia band of which Senator Harding was a member in his boyhood days is to be re-organized. The organization to be of thirty pieces, will be ready for the senator's home coming.

MISSOURI DELEGATES WILL RETURN FUNDS

St. Louis, Mo., June 15.—Nathan Oldstein, of St. Louis, delegate from the eleventh district to the Republican national convention, in a statement tonight said that the \$2,500 he had received to further the candidacy of Governor Lowden for the presidential nomination had been returned.

Testifying before the senate committee, investigating pre-convention campaign expenditures recently, Goldstein admitted the receipt of the money and said he intended to return it should Governor Lowden not be nominated.

Goldstein said tonight he gave the \$2,500 to a man "close" to L. L. Emmerson, the Lowden manager, before leaving Chicago for St. Louis Saturday night. Robert Moore, St. Louis delegate from the twelfth district, who also received \$2,500 of the Lowden funds and who told the investigating committee the money would be returned in the event Governor Lowden was not nominated, refused to say if this was true.

SUTHERLAND LOSES AGAIN

Baton Rouge, La., June 15.—The proposal to ratify the woman suffrage federal amendment was defeated by the lower house of the state assembly today, 67 to 44. The senate last week defeated the ratification resolution.

that the governor is one of the plain "people" and is quite satisfied to live with very plain surroundings. But without these rental figures the governor's claim to plainness can be substantiated, for his household has lived very simply and the interest of Mrs. Coolidge has centered almost exclusively in the two sons of the family.

THE PARKING QUESTION STILL WITH US
Owners of automobiles are slow to avail themselves of the use of the Morgan street parking lot. This space was arranged with the idea of taking care of the overflow from the square. In one month's time less than 40 cars have been parked and the caretaker has received \$1.05 in gratitudes.

Evidently non-resident car owners who visit the city believe that if the citizens want them to continue their visits that parking space facilities should be provided for them without cost. Evidently this parking question has not yet been satisfactorily settled and the city officials and business men, together with car owners, must co-operate in some satisfactory way.

VERY MUCH IN EARNEST
Anyone who doubts the interest that farmers have in the progress of the Illinois Agricultural Association should have attended the district conference held in Jacksonville Tuesday. This conference was called particularly for the purpose of discussing the possibilities of the co-operative marketing of grain. It is an exceedingly busy time on the farms now because of the late season, the weather was hot, but nevertheless at least 200 farmers representing the ten counties of the district were here for the conference.

In Morgan county more than 1,000 farmers belong to the organization and the percentage in other counties is just about as large. They believe that a plan can be worked out whereby grain can be marketed and reach the consumers without passing through many hands as at present. A practical system is being outlined. It may not get into full working order in time to carry grain from the 1920 harvest, but unless the leaders of the movement miscalculate this plan will be in full running order by 1921 and save vast sums of money which is now paid to grain brokers or merchants.

Rippling Rhymes
By Walt Mason

ALL IN VAIN
I was weighing, on the quiet, more than any gent should weigh; so I tried a rigid diet, and I ate but once a day. All the things I like were banished, so my system might grow thin; all the pies and doughnuts vanished from the larder and the bin. I was thicker, I was broader, than a mortal man should be; so I fed on bran and fodder and fresh pumpkins from the tree. Oh, I lived on slaw and gherkins, till my form grew thin and spare, till I lost some seven firkins of the lard I used to wear. But I'm once again devouring grub that pleases every sense, and the horse's feed is souring, with the garbage, by the fence. For I'll sleep beneath a hummock in the boneyard's solemn hush, ere I'll torture my old stomach with the fat-reducing mush. So I beckon to the waiter and I tell him he may bring ribs of beef and brown potato, pie and cake.

FARMERS ENDORSE MARKETING PROGRAM

Grain Growers of Twentieth Congressional District Accept Program Outlined by W. G. Eckhardt—Meetings Are Being Held in Every Congressional District in State.

Grain growers of the twentieth congressional district are ready for the wheels to turn in a mid-dlewest program of grain marketing by farmers. Over 125 farmers, farm elevator managers and stockholders, representing 32 farmers' elevators, unanimously endorsed a program of grain marketing as outlined by the Grain Marketing Department of the Illinois Agricultural Association at a meeting held here yesterday. This was the ninth of a series of fifteen hearings held in each downstate congressional district.

"Farmers are entitled to the same respectful consideration in marketing their products as the manufacturer," said Wm. G. Eckhardt, director of the grain marketing department. "It is not right that corn should fluctuate in price 50 cents a bushel after the entire crop is in the crib. The price is always the highest when the corn is in the hands of others than the farmer. We can not blame speculators if we sell all our grain at one time and make a glut on the market. It means we must study the problem and work it out."

Outlines Marketing Plan.
Mr. Eckhardt outlined the proposed plan of marketing. The farmers' co-operative elevator is the foundation. There are 540 elevator companies which have 700 elevators at 600 different stations. These elevators handle about 70 per cent of the grain shipped. Lawrence Farlow secretary of the Farmers' Grain Dealers Association said that where ever there is a real true co-operative elevator, the local problem is solved, but the local problem is only part of the grain marketing problem. The I. A. A. will employ ten men to complete the organization work of elevators. Already fifty communities have asked for this service.

The second step in the program is the establishing of farmers' clearing houses or brokers, at central points over the state, with one central office. Mr. Farlow agrees that this is the next logical step. He says there are ten times as many brokerages in the state as are needed. A farmer owned brokerage business could not only sell direct to manufacturers which would save commissions, but would know the conditions of all the markets and the best time and places to ship.

There are three ex-presidents of the Farmers' Grain Dealers present. J. C. Saylor of Cissna Park; F. C. Walbaum of Ashland and A. C. Rice of Jacksonville, each expressed their views favoring the marketing program. "There is too great a difference between the price the farmer receives and the price the consumer pays," said Mr. Rice. "This program is not visionary, but practical. It is just a matter of putting our heads together."

When Mr. Eckhardt asked for a standing vote of those present who would support the farmers' marketing machinery when started, every person in the room stood up.

States Will Work Out Problems.
D. O. Thompson, Secretary of the Illinois Agricultural Association was present and he told the men he had complete confidence that Illinois and the other middle states would work out this problem to the finish. The association is the business organization of the 86 county farm bureau of the state and it has a membership of 86,000 members. This one department of the association has an appropriation of \$65,000 to start this work this year. Mr. Thompson said that with so much interest manifested by experienced men, not only in this district but at all meetings, the trouble of fluctuating markets could be overcome.

Hon. Charles Adkins, Director of Agriculture told the history of establishing farmers elevators. He believes the time is ripe for a higher up marketing program beyond the elevator.

Mr. Taylor of Cass county, said he thought it would be a good idea for the association to issue grain certificates as warehouse receipts which would be sold to the banks as commercial paper. He said bankers are ready to do all they can to finance farmers and elevators when holding grain in storage at home, if they know for sure there is real grain to back up the loan.

There will be a similar hearing at East St. Louis Wednesday. At all of the nine hearings farmers have endorsed the program unanimously.

Harmony Lodge No. 3 A. F. & A. M. will hold a special meeting tonight at 7:30 p. m. WORK and refreshments. Visiting brethren welcome.

A. M. Robinson, W. M. John R. Phillips, Secretary.

STREET SPRINKLING
Street sprinkling work is now being done regularly in the business district. Merchants co-operated in this good work and a satisfactory contract was made with George S. Rogerson. The work is done at an early morning hour so that the square and adjacent streets are clean when business begins each morning.

ASKS DAMAGES
A suit was filed in the office of Circuit Clerk Boddy yesterday for hearing at the November term. Bertram Southwell is the complainant and J. N. Peters the defendant. Only the praecipe has been filed by J. O. Priest, as attorney for the complainant, and indicates damages in the sum of \$10,000 are asked.

OLD JACKSONVILLE

JACKSONVILLE'S S. LEADERSHIP
By Ensley Moore
(Member Illinois State Historical Society)

In previous articles the O. J. series has referred to the influence of Jacksonville in civilizing the northwest. It is apropos to the Sunday School convention now in session to refer to two of our most distinguished men who have been mighty in Sunday school work. The first was John Adams, known here as "Father" Adams.

There must be some strong reason for it when a community bestows the name of "Father" on one of its older members. In truth, this distinction is seldom conferred without good cause. The life of John Adams was a long one. It was begun in New England. It ended in Illinois. It compared with that of Paul in varied experiences, and like that of the great Apostle, it was given to others. And the title of "Father" was well earned and applied in the case of this John Adams.

Early Days.
John Adams—who was a blood relation to the other one of the same name, who became the second President of the American Republic, and whose son, John Quincy Adams, later succeeded his father in that great office—was born Sept. 18, 1772, near the town of Canterbury, Conn. The branch of the Adams family here referred to fled from persecution in Devonshire, England, the father being Henry Adams, who with his eight sons, came to what is Braintree, Mass. This was before 1640. One of Henry's sons returned to the old country, Peter Adams, son of Henry, was the ancestor of Father Adams. A younger son of Henry, named Joseph, was the progenitor of the two Presidents of the United States.

As Educator.
Mr. Adams became a teacher and made his greatest reputation as principal of Phillips' academy at Andover, Mass., a position he took in 1810, and filled until Nov. 22, 1832.

In 1837 he came to Jacksonville, Ill., as principal of Jacksonville Female academy, and he occupied that place until 1842.

As Sunday School Man.
Soon after resigning the principalship of the academy here, he received a letter from the American Sunday School Union, asking him to be their agent in the state of Illinois.

He took up the work and continued in it until the year 1854. He procured a good horse and buggy and made his rounds over his charge in that way—and "good roads" did not prevail in Illinois at that time. But he rode straight into the hearts and lives of children and older people, carrying "the glad news of salvation," until he had organized 322 schools, representing 2,519 teachers and 16,082 scholars. In his life as a teacher he had under his care over 4,000 pupils. All these with the Sabbath school scholars made an army corps of 20,000 souls. Think of pointing such a "grand army" to the heights of Heaven! Father Adams had arrived!

Father Adams was a member of the First Presbyterian church of Jacksonville and an elder in it. He retained his interest in children and young people throughout his life and was delighted to gather them about him. There is probably a number of those who knew of him in this way still in Jacksonville.

Father Adams Makes Great Discovery.
Speaking of Mr. Adams' later work, his biographers say, "It was he who first discovered the power in that fervent young man, Stephen Paxson, who, later, became one of the most successful of our home missionaries." To his recommendation Mr. Paxson owed his first commission from the Sunday School Union.

Not long ago someone gave what was intended as a Sunday school history of Illinois in a current publication, but singularly enough made very slight mention of Mr. Adams, altho making much of Father Paxson, whom he started in his work.

Father Adams died on April 24, 1863. "He passed peacefully away, his last expression being one of assent when asked if he were happy." He had said before this, "Do not let my body be removed after death. Lay me

Smiley Predicts \$20 Flour.

Flour at \$20 a barrel will come before the price of bread-stuffs begin to decline.

This prediction was made recently by E. J. Smiley, secretary of the Kansas Grain Dealers' Association, who delivered an address before the convention of the Trans-Mississippi Association of Master Bakers, in session at the Chamber of Commerce, Topeka, Kan. Mr. Smiley was one of the principal speakers on the afternoon program. He cast a rather gloomy outlook upon the prospects for a big wheat crop this year.

Barring financial trouble, bread grains will continue to soar for at least another year, he said. Even at that the price of bread has not been boosted as much as other necessities, he declared.

Fast Springfield Team to Play
Indecisive Sunday — Manager
Smith Cancelled Portman Game
—Diamond to be Built Further
Back.

Manager Smith stated yesterday that the game scheduled with the Portman team of Peoria had been cancelled until a later date. Instead the Myers Brothers team of Springfield has been scheduled.

Myers Brothers this year have one of the strongest teams in their history. They have lost but one game this year. That was to Hannibal last Sunday by a 1 to 0 score.

The home plate will be moved back thirty feet from its present location, thus bringing the playing field closer to the spectators. Manager Smith also intends to build additional stands to accommodate the crowds that are attending the game this season. Mr. Smith is trying to give the fans the best baseball possible and deserves their hearty support.

OPENING SESSION OF STATE SUNDAY SCHOOL CONVENTION HELD TUESDAY

MAYOR CRABTREE EXTENDS COR- DIAL WELCOME TO VISITORS

Addresses Also Are Given by Dr. G. H. Kopperl, President Hauberg and Rev. Myron L. Pontius—Delegates Spent Busy Day in Various Departmental Meetings.

The State Sunday School convention people arrived in force yesterday morning, and if any one knows of any possible matter that has been omitted which would make their welcome complete and provisions for their welfare adequate, please rise and stand till counted.

They have been shown to homes; they have been welcomed by mayor, preachers and citizens of other callings and not the keys of the city have been turned over to them but the city itself.

The opening exercises were the most unique, happily arranged and best carried out. After all who had arrived had been registered and assigned they gathered in the main audience room of the Christian church and first were led in a fine song service by Prof. H. A. Smith, who chose a number of stirring hymns. President Hauberg then called on Rev. T. H. Tull, pastor of Grace church, to read a portion of scripture, after which Dr. W. E. Spoons, pastor of Northminster church, offered prayer.

With highly and well deserved complimentary remarks the chair introduced Dr. G. H. Kopperl, chairman of the local convention committee. The gentleman said in part:

Dr. Kopperl Speaks

I greet you, friends, brothers and sisters. There are no finer people than Sunday school workers and they are seldom equaled. I am glad you are here and all should have the spirit of service.

My name is a little hard to remember, but just call me George and it will be all right, and the more you call on George the better you will suit him. We are here to see that you are well entertained and cared for. Call us all George and we will answer and will do all in our power to make you comfortable and see to all your desires.

Mayor Extends Welcome

Mayor Crabtree was next called on and his part in this affair was certainly original, most happy and delighted the audience extremely. He said in part:

"We will all be called George for this week, and we are certainly very glad that you are here, and you will find many Georges in Jacksonville to do you service."

"There are no better people than those of the Sunday schools, and your province should be service, pure and simple. Your efforts are especially needed at the present time, as the world was never so upset as it is at present, and the efforts of all good people are necessary that improvement shall be made."

"You should also take an interest in public affairs, in city government, where your influence should be felt especially."

"Jacksonville is a city of homes, of educational institutions, of public and charitable enterprises and many churches, and we offer you the benefit of all, and I want to show to you that I mean what I say. It is often the custom to tender the keys of the city to a group of visitors, but Jacksonville has no walls, no gates and no keys, so instead of that I call to my side Mr. Kiloran, our chief of police, a man of whom we are justly proud, and from him I take the star of authority and place it upon the breast of the president of this association, and then we shall be sure that our city is well policed. And then to see that our rules are enforced, I will take the policeman's billy and give it to the president also and then he will be able to punish anyone who is not attending to duty."

Praises Police Force

We have here a splendid force of police. One day a Sunday school superintendent came into my office, complaining of violations of city ordinances, especially by auto drivers, and said he wished he was a policeman, and I said to him, 'You are commissioned now,' and he is the captain of 75 others. And I ask Mr. Tomlinson to stand up and let you look at him."

"We have on that force merchants, lawyers, doctors and all but preachers, but we thought we had better not trust them to perform such a duty. Mr. President, we turn the city over to your tender mercies; we bid you welcome to our churches, our city and our homes, and we sincerely trust that your stay among us may be pleasant and mutually profitable, and rest assured that we shall use our utmost endeavors to that end."

President's Response

In replying, President Hauberg said: "I am from Rock Island, the seat of the Black Hawk war, and this black jack reminds me forcibly of the weapons that were sometimes used in that conflict. The Indians had two kinds of government, the war and the peace chiefs, and so in imitation of that arrangement I hereby appoint Chief Kiloran war chief and present him the billy, during our stay here. But I will ask for it to be returned when the convention is over, that I may keep it as a trophy and tell of the splendid Jacksonville admini-

"This is a beautiful church, and there are others like it in the city and we certainly have had a pleasant beginning."

The Power in Cooperation

Rev. M. L. Pontius was next introduced and said briefly: "I feel a bit at sea under the circumstances. My name is not George but Mike, but you may call me George this week whenever you want any service from me. Our city has had a splendid experience in getting together, and our capable mayor, who so felicitously addressed you and the men that are working with him, utterly regardless of party, are serving force of charge."

Our city has gotten together as never before and we are accomplishing much on account of it. The Jacksonville churches and Sunday schools tender you a cordial welcome to our churches and to our homes, all of which are open to you. We are justly proud of our city and of our homes, our institutions, our colleges, and our administration and all else. And we feel that you will share our feeling before you leave."

"You are followers of Christ, the Way, the Truth and the Life. His matchless example is the way by which men go to God and to Heaven. His is the greatest name ever known mankind. Before Him all was crude and uncertain. Since His time everything that is good has come from His teachings."

You represent the mightiest force in the land and it is destined to do great service in the spiritual uplift of the people. It is for you to teach the young people; to inspire them with a desire for service and prepare them for the duties of life. Your enthusiasm for souls will burn brighter and your loyalty to Christ, King of Kings and Lord of Lords, will carry you through."

Age of Opportunities
"You are here in a great age, and surely the world is daily getting better. We think of sunrise in the kingdom of Christ and so we believe that you will help bring that about."

"You are here in an important stage of the world's civilization, and in spite of Bolshevism, Reds, Soviets and I. W. W., God reigns and the government at Washington lives."

"America" was then sung, and after giving it out Prof. Smith said it was written by Rev. S. F. Smith of Boston for use of a Sunday school.

W. C. Pearce, the acting general secretary of the International Sunday School association, was introduced. It is not practicable to report the speech at length, but a few sentences will be given:

"I am relieved since the president gave you the big stick to the chief of police test he might use it on me."

"I have traveled a great deal but I never before saw a city handed over to a Sunday school convention as this has been."

The Get Together Spirit
"This is a time of getting together. At a great religious gathering in Chicago one morning a cardinal took part in the devotional exercises, one morning a rabbi and one morning a bishop. This is a free country and we all worship God according to the dictates of our own conscience."

"In the early days education was meagre and subscription schools were the only means by which my grandfather could get an education, but now schools are everywhere. In Wyoming there is a district 50 miles long, with three children in school end, and a teacher is employed to teach three children in the north three months and three children in the south three months, and in another immense district there is but one school and a teacher is employed for that one."

"In one city there are 650 empty school rooms for lack of teachers. Education without morality is an evil. An ignorant man steals railroad junk, but an educated man steals the railroad. A great evil in our land is that people are so ignorant of God's word. There are 27,000,000 children in our land in no Sunday school, either Protestant or Catholic. Children should be taught to work. In my young days when school was out, a boy went out to the country to raise corn, but now they raise the devil."

Children's Division

Those interested in the children's division met for a conference at the Grace M. E. church, at which time Mrs. B. F. Hertz presided. Pearl L. Weaver, state superintendent of the children's and educational divisions, was the first speaker, using the topic, "Our Children—Who and Where They Are." She gave a survey of conditions in Illinois relative to religious education. According to estimates presented, less than forty per cent of those under twelve years of age in Illinois are enrolled in religious schools of any kind. Over one million children in Illinois are entirely without systematic religious education.

Miss Weaver stated that the objective of the children's division

PARK BOARD IN REGULAR SESSION

The Park Board met in regular session last evening, all the members were present and a large amount of routine business was disposed of.

The committee appointed to attend to the repairing of the east exit reported that a tile drain was laid across the Vandallia road at that place and it is now practicable to use the road there. Further repairs to make the road smoother are being made.

The committee arranging for the Fourth of July celebration was present and requested permission to use the central park, this was granted on condition that there would be no concessions in the park, that the shrubbery be fenced, and the ground cleaned up the following day.

It was reported that autoists are violating the park rules by entering Nichols park by the east road and leaving by the west road. The board is determined to enforce the rule in order to avoid accidents. A letter was addressed to the volunteer police force requesting their co-operation.

It was also suggested that barrier gates be placed at the entrance and exit and at various points in the park in order that traffic might be better controlled and the possibility of accidents reduced. And it was also suggested that the gates be closed at 11:30 o'clock and the park closed. This may be done.

CANCER DEATHS IN U. S. MANY

NEW YORK, June 15.—Medical experts' estimates of the number of deaths from cancer in the United States in 1919 place the figure at 100,000 and the number of persons afflicted at 500,000. Dr. Frederick Dugdale, of Boston, a vice president of the Allied Medical Association of America, declared today at the organization's ninth annual convention.

Sufficient evidence has been gathered, he said, to support the theory that the disease originates in a constitutional or blood ailment. Cure is possible, he said, if the exciting causes are removed and the predisposing factors properly treated.

Miss Helen L. Penrose, secretary of the Visivision Investigation League of New York declared the results of visivision did not warrant its continuance.

ENTERTAIN AMERICANS.

London, June 15.—Prominent British golfers numbering more than 200 gave a dinner to the American delegation tonight.

INFANT MORTALITY RATES DECREASE

Washington, June 15.—Infant mortality rates for 1919 decreased materially as compared with the four previous years, according to statistics compiled by the census bureau and made public today. Of the twelve largest cities in the birth registration area, seven showed decreases of from 8.5 to 23.4 per cent, while the highest increase showed 3.6 per cent.

POLICE INSPECTOR KILLED

Gorey, County Wexford, Ireland, June 15.—A police inspector, Captain Wilson, has been shot dead by five armed men.

SEARCH FOR PETROLEUM IN PENNSYLVANIA

Advance in Price of Crude Oil Will Result in Wide Search for Petroleum — Leases Being Taken on Abandoned Territory.

Pittsburgh, Feb.—The advance in the price of Pennsylvania crude oil to \$5 a barrel will result in the widest search for petroleum this section has known since the early days of the "oil excitement," according to authorities in the industry here.

Already it has started, and leases are being taken on territory which was drilled over more than half a century ago and then abandoned for more productive fields. Drilling has been commenced in some of these leases, and results have been so good as to encourage others. One field in Allegheny county, abandoned in the early seventies because the one well drilled proved to be a "dry hole," has produced a number of wells the past few months.

"The greater part of this development will be in Western Pennsylvania and West Virginia," explained the head of a large corporation which has been developing oil territory for many years. "When oil was only a dollar a barrel one had to ring in a good well before he had a paying proposition. Now with oil at \$5 a barrel it pays to drill a lot of wells, even though they only produce a barrel or two a day."

We reduce expenses by connecting these small wells to one power plant, and pumping them very thoroughly. While the initial cost of drilling is high, about three times as much as in the old days, economies of operation and the princely price of crude, make hunting for the Pennsylvania grade a pretty profitable investment."

The companies engaged in this work are usually old time organizations which have no stock for sale and which cover thoroughly with leases all the territory in the immediate neighborhood of their operations.

was to reach all these children and provide for their religious training.

Mrs. Maude J. Baldwin of Chicago, who is international superintendent of the children's division, followed with an address on "Reaching the Children Thru the Sunday School." Mrs. Baldwin, using a blackboard to force her points, held the attention of her audience throughout. Thorough organization, modern equipment, appropriate lesson courses and the graded service of worship were presented as aids in reaching children thru the Sunday school.

The next speaker was Mrs. W. H. Dietz, who discussed "Reaching These Children Thru the Home." Mrs. Dietz is a primary specialist and had many excellent

suggestions for parents and those in charge of children in the home. No one can dispute the influence which the home wields over the child's life and too much emphasis cannot be laid upon this important matter.

"Opportunities for Training," was the subject of Miss Irene Rockenbach's talk and in it the speaker found much of value to emphasize to her auditors. Miss Rockenbach is superintendent of the Lake county children's division and is thoroughly familiar with all the phases of the problem of training the child religiously.

Young People's Division
The opening session of the young people's section was held at State Street church Tuesday afternoon, with Lester A. Arzin presiding. D. H. Wing of Chicago, state superintendent of young people's and adult divisions, was the first speaker. The subject was "The Machinery That Delivers the Goods" and the address was one which had many worth while ideas for young people.

"The Up and Going Young People's Division" was the topic assigned to R. A. Walte of Chicago, international superintendent of Young People's division. Mr. Walte outlined his conception of the ideal young people's society and gave his hearers a very clear idea of what such a society can accomplish for the church and for the community.

Prof. H. Augustine Smith of Boston, Mass., musical director and lecturer of Boston university, spoke of "The Songs of Adolescence." Prof. Smith is an authority on music and the handling of his subject yesterday was noteworthy.

At the Baptist Church.

lap of Quincy presided at this meeting.

Professor H. Augustine Smith, director and lecturer of Boston university appealed to those in charge of the schools for the recognition of the emotional life of the youth and urged that the school service be one of beauty and richness. He told of the various materials of worship and their use.

The next two speakers, C. W. Shinn, general secretary of the Chicago City Sunday School association, and Dr. H. E. Tralle, president of the Tralle school, Kansas City, took up the graded lessons and the grading of the schools.

Rev. Garry L. Cook, regional superintendent Bible school department of the Disciples of Christ, from Indianapolis, discussed the "training work in the individual."

Mrs. Maude J. Baldwin, international superintendent of the children's division, Chicago, spoke on the "International Standard."

At the Christian Church.
Rev. M. L. Pontius presided at the afternoon session at the Christian church. The service was for the adult division and the addresses dealt with "Business Method Applied in the Organized Sunday School Class," by Dr. R. R. Giggler, superintendent of the adult division of the Chicago Sunday school division. He urged a regular and systematic order of service and systematic work in the church where they have organized with one treasurer for all the church organizations. W. C. Pearce, international superintendent of campaigns spoke on "The Adult Class Service Program in the local Sunday school and community life."

"Religious Education and the Place Where I Was Born" was the subject of Dr. Henry F. Cope, secretary of Religious Education Association of America.

Night Session.
The meeting in the Grace church last evening was for association officers and friends and the work of the counties and state organizations was explained by the speakers.

W. C. Pearce of Chicago told of the great opportunities which were waiting for the organized Sunday schools in the present day.

D. H. Wing state superintendent of Young People's and Adult divisions, and Miss Pearl L. Weaver, state superintendent of children's educational divisions, explained the objectives of the various divisions.

George N. Burnie, general secretary of the state association, spoke on "Applying the Standards" and urged co-operation. Clarence DePew of Jacksonville spoke on "Planning and Working the Budget System."

The registered delegates interested in individual Sunday school work met Tuesday evening at the Central Christian church, where the meeting was opened by a song service led by Professor Smith.

The addresses of the evening were made by Dr. H. E. Tralle, and Dr. Henry F. Cope, on "The Teachers that Teach," and "Religious Education and the Stuff that Life is Made Of," respectively.

Immediately after the picture has been taken, the delegates headed by the Merritt band, the Hillsboro Saxophone band, and Charlie DeSilva's drum corps will form for a parade. The line of march will be north on Prairie street to State street and east on State street to square where they will mass on the east side for a sing of old hymns, under the leadership of Professor Smith accompanied by the bands. Printed hymns will be supplied.

The various Sunday schools will have their memberships of over sixteen years of age in the streets beside their churches ready to join the columns as it passes.

The committee requests that all autoists keep clear of the West State street and the east side of the square at the time of the parade and sing.

It is expected that there will be about 2,000 voices in the sing and it will be a wonderful treat to hear that number of people singing the old hymns.

CONVENTION NOTES
The convention photograph will be taken on the academy hall lawn Wednesday afternoon at 4:30. Splieth Bros. will make the picture.

Miss Esther C. Krause, office manager for the state association, has come from Chicago to assist with the registration of delegates. The educational display of the state association is representative of all departments of the Sunday school. Posters made in

the interest of children's week have been attracting a great deal of attention.

A convention post office and information bureau has been established in the basement of the Central Christian church with Jacksonville young ladies in charge, Misses Wilma Williamson, Ruth Bradley, Mary Floeth, Elizabeth Boruff and Lucinda Young.

W. C. Pearce, one of the Tuesday speakers, was formerly a worker in the Illinois Sunday School association. He is at present international superintendent of campaigns.

C. R. Brown, with the David Cook exhibit, is a veteran of the civil war though no one would think him over fifty from his looks.

"Everybody on the job," was the enthusiastic comment of Pres. Hauberg, yesterday morning.

Every person who has anything to do with entertaining the delegates is attending to business strictly. Boy Scouts auto drivers and all others are winning bold opinions.

The decoration committee wishes to thank the Harry Hoffmann Floral Co. for 20 dozen Russell roses which were donated for the convention, and also Miss Mabel Goltra and Miss Frances Strawn for floral decorations.

Convention delegates are finding that the publishers' display have a definite educational value. These displays, seven in number, are located in the basement of the Central Christian church within easy reach of the convention headquarters. Books written by convention speakers, and other publications recommended by them are to be found on nearly all the tables.

The Sunday school supplies and helps on exhibit include a large part of those published in America.

One of the most attractive displays in the room is that of the William H. Dietz company of Chicago, has the largest display in the group. Kathryn Pandle is assisting with this display.

The American Baptist Publication society is represented by an interesting display in charge of F. S. Johnson of St. Louis. All Northern Baptist publications are handled by this house.

O. R. Brouse of Rockford, Ill., has charge of a large display of Sunday school helps published by David C. Cook Publishing company of Elgin.

The Pilgrim Press which publishes for the Congregational church has an extensive showing of books of interest to Sunday school workers. Arthur A. Hagstrom of Chicago, assisted by Helen Turner of this city, has charge of this display.

T. B. Booth has arranged an attractive exhibit for the Standard Publishing company of Cincinnati, publishers for the Christian church.

Ben F. Lane of Jacksonville is supplying a serious need by providing Jacksonville souvenirs, booklets, pennants and post cards to the delegates. Mr. Lane has in addition, a display of Bibles, popular books, and current periodicals.

The ladies of Woodson Presbyterian church will serve burgoo, soup, sandwiches, pie and ice cream on the church lawn Thursday, June 24. Soup ready to serve at noon. Also an apron sale. Everybody welcome.

Children's day will be observed at the Woodson Presbyterian church next Sunday, June 20. An interesting program is being arranged and it is hoped there will be a large attendance.

Trinity Church Auxiliary

Holds Last Meeting of Year. The last meeting of the Women's Auxiliary of Trinity church was held yesterday afternoon at the home of Mrs. H. M. Andre on College avenue.

Rev. J. F. Langton gave a report of the recent synod, and Mrs. J. P. Doan and Mrs. Langton reported on the Diocesan auxiliary meeting.

Plans for the coming year were discussed and the topic which will be studied was announced, "World Wide Missions."

After the business meeting the hostess served delightful refreshments.

Children Enjoy

Birthday Party. Dorothy Evelyn Robnett celebrated her fifth birthday with a party at the home of her grandmother, Mrs. Frank Cravens, 353 East Morgan street. The children enjoyed kindergarten games and a marshmallow hunt was also a pleasant feature of the afternoon. The children present were Betty Jane and Charlene Vasconcellos, Patricia and Billy Spieth, Clea Flynn, Glenn Wright, Margaret Boston, Leo and Mary Elizabeth Hodge, Lola Ferris, Maxine and Nedra Taylor, Marceline and Oscar Faugust, Millie and Dorothy Robnett.

Several kodak pictures were taken of the children and these will be delightful souvenirs of the occasion. During the afternoon delicious refreshments were served.

Celebrated 84th Birthday

Last Sunday, June 13, Mrs. Mattie Adams of Virginia, Ill. had the pleasure of celebrating her 84th birthday. There were about forty of her near relatives gathered at Mrs. Adams home last Sunday with well filled baskets of everything good to eat. At the noon hour everything was spread on a long table on the beautiful lawn in front of Mrs. Adams' home. The dinner was served in cafeteria style. All kinds of good salads, sandwiches, pickles, beans, chicken and dressing, iced tea, strawberries, ice cream and cake were served. Mrs. Adams greeted everyone with a happy welcome.

Mrs. Adams is in fairly good health for her 84th birthday and such extremely warm weather.

Those present were, Mr. and Mrs. J. N. Sinclair of Virginia, Ill.; Mr. and Mrs. Charles Buracker of Ashland, Ill.; Mr. and Mrs. J. E. Combs of Springfield, Ill.; Mr. and Mrs. James Stout, Mr. and Mrs. George Flinn, Mr. and Mrs. Tilman Stout and son, Mr. Geo. W. Stout and Edna and Ernest Stout, Mr. and Mrs. Edgar Stout and children, Mr. and Mrs. Robert Reid and daughter, all of Jacksonville, Ill.; Mr. and Mrs. Lloyd Flinn and baby of Prentice, Ill.; Mr. and Mrs. Milt Smith and children, Mr. and Mrs. Phil Bailey, Mr. and Mrs. Walter Bailey, all living seven miles northwest of Ashland, Ill.; Mrs. Adams being the oldest of the Stout family and Mrs. J. N. Sinclair being the next oldest. All departed at a late hour, wishing Mrs. Adams many more happy birthdays.

Strawn's Crossing Club

Held Annual Picnic. The annual picnic of the Strawn's Crossing Woman's club was held Tuesday afternoon with Mrs. William Cleary. It was an ideal day and an ideal picnic in every way, there being about seventy-five present. A number of interesting contests were held in the morning, among the winners being Mrs. Ed Collins, Miss Nelle Savage and Mrs. Ben Lurton. At the noon hour, a sumptuous luncheon was served, cafeteria style. The menu, consisting of chicken a la King, stuffed tomatoes on lettuce, potato chips, jelly hot rolls, strawberry ice cream and assorted home made cakes, coffee, mint patties, favors being tiny flags. After which a delightful program was carried out. A duet by Mrs. Earnest Strawn and Mrs. Chas. Strawn, reading by Miss Nelle Savage, vocal solo, Miss Lois Wood, vocal duet, Misses Lois and Bernice Wood. A group of readings, Miss Bernice Wood. Toasts by Mrs. Ben Lurton of the Jacksonville Woman's club, Miss Bertha Crum of Ashland Woman's club, Mrs. Wm. Scott of Orleans Country club, Mrs. Frank Green of Sinclair Woman's club. The program closed with the singing of America.

The following committees were in charge:—Mrs. Westley Robertson, chairman, assisted by Mrs. Andrew O. Harris, Mrs. Clifton Corrington, Mrs. Harry Foster. Program—Mrs. Robinson Strawn, chairman, assisted by Mrs. Ed Phillips, Mrs. A. Arnold, Mrs. Alva McDonald.

Reception committee—Mrs. Henry Strawn, Mrs. A. C. Foster, Mrs. Chas. Reamer.

ASSOCIATIONAL SUPPER.

An associational supper for county and township officers and their friends was served at 6:15 o'clock Tuesday evening at Grace M. E. church by the women of Westminster church. RETURN FROM VISIT IN FULTON COUNTY

Dr. and Mrs. A. B. Applebee returned yesterday from a week-end visit in Smithfield with Mrs. Hinderliter, the doctors sister. They brought their son, Wedsworth home with them, who had been visiting there for the past two weeks.

Mrs. Applebee visited Canton and spent the afternoon with Miss Franc Hinkle, who was in the canteen service overseas and is now very active in the new Y. W. C. A. just being organized in Canton. The Canton women started the same time as the Jacksonville women but they raised their quota for the entire year, which amounted to six thousand dollars.

They have secured the old Armory building and are fitting it up for recreation and club rooms and hope to open it in the latter part of July or the first part of August.

Already they have 300 membership cards signed and returned, this is of interest to Jacksonville for Mrs. George Douglass, chairman of the membership committee is planning to get out the cards for the local Y. W. C. A. in a short time. And the headquarters committee, with Mrs. J. W. Hairgrove as chairman, will be ready shortly to report on a suitable home for the Y. W.

CHILDREN SHOW THEIR PATRIOTISM

That patriotism is not dead was shown Tuesday when Adjuvant Allen Jacobs of Jacksonville Post No. 279 American Legion received \$2.70 toward the building fund of the post.

This money was sent by Leah Tayman, Margaret Goebel, Barbara Kennedy, Catharine Luella Goebel and Laurence Crawford. The children gave a little play last week and the receipts were \$2.70 which was contributed toward the Legion post building fund.

It is needless to say the members appreciate this show of interest and patriotism. No doubt suitable recognition will be taken at the next meeting of the post.

ATTENTION, G. A. R.

All members of Matt Starr Post G. A. R. and veterans of the Civil war are requested to meet at the Reynolds' chapel at 10:30 o'clock this morning to attend the funeral of Comrade A. J. Taylor.

SQUARE FOR PARADE. This is the day of the parade in connection with the state Sunday school convention. If plans mature as promised, it will be a very impressive event, with 1,200 or more people in line. In order to provide for the safety of those in the parade and for spectators, it has been deemed best to exclude automobile traffic from the square from 4:30 to 6 o'clock. This measure is merely in the interest of public safety, and Chief Kiloran and his assistants hope that the public will give every assistance in making enforcement of the rules easy.

GREENE COUNTY CHILD
MET DEATH SATURDAY

Six Year Old Son of Roy James Dies as Result of Accident—Former White Hall Citizen Dies—Other News Notes.

White Hall, June 15.—The death of Roy James, age six years, son of William Norris, occurred under the most shocking circumstances Saturday afternoon at the home on the Gilmore farm, five miles northeast of White Hall. The boy had jumped onto a horse shortly before 1 o'clock to attend his father's flock of sheep, and in so doing the horse fell quickly and broke the little fellow's neck, and then reared up and fell backward onto the boy, crushing the body. The father was near at hand and hurriedly escaped getting under the falling horse. The boy died instantly. The boy's mother is a sister of

Miss Edna Neighbors of White Hall. It was found necessary to hurry burial, owing to the condition of the body, and services were held at the grave in the Jones cemetery Sunday afternoon at 2:30, conducted by Rev. A. F. Ewert of White Hall.

Capt. Alfred D. Nash died at his home in Grayville, Ill., following a long illness. He was a member of an old White Hall family, he and his brothers and sisters being born and reared in this vicinity. He went to Grayville about fifteen years ago, where he resided with his wife and daughter, Miss Daisy. He has a son, John, who is engaged in the furniture and undertaking business at Grayville. Another son, Albert who resides at White Hall, and he was summoned to Grayville several days ago. Two brothers, George and Dennis, reside at White Hall, the former 71 and the latter 74 years of age. Four brothers and two sisters are deceased also, one daughter, Miss Minnie. Capt. Nash was 79 years of age at the time of his death. He was a member of Company B, 61st Illinois, during the civil war, volunteering and ascending to the captaincy of his company. He will be well remembered over this section, having traveled considerably in the agricultural implement business in past years. The funeral and burial will be at Grayville Tuesday.

Township S. S. Convention. A township Sunday school convention was held in the Christian church Sunday afternoon, presided over by R. C. Barton, the hardware commercial traveler. H. C. Tunison and Rev. Smock, the latter of Carrollton, delivered addresses, and there were special features, including readings by Ruth Singleton and Martha Ma-berry, a vocal duet by Fay Swartwood and Helen Teter, and a vocal solo by Edna Moles. Tunison is a Democratic lawyer, and he has created some comment by his declaration that God was behind the Republican national convention at Chicago.

Funeral of Mrs. Story. Funeral services over the remains of Mrs. H. W. Story, a pioneer native of northern Greene county, were held at 1:30 p. m. today at the home of her daughter, Mrs. J. A. Bogges, on South Main street. Her age was 76 years, and she was born and spent the greater part of her life in the Richwoods neighborhood, northeast of Roodhouse. Some years ago she and her husband located in Roodhouse, and three months ago her health became such that she was brought to the home of her daughter, where she received the tenderest attention, since which time this has been the home of Mr. and Mrs. Story. Mr. Story is also 76 years of age, and is in fair health. The burial took place in the White Hall cemetery.

The past week has witnessed the movement of a greater number of empty coal cars over this line of the C. & A. than has ever been known. On three days 65 car trains came south out of Roodhouse, the longest trains ever pulled over the Tonica. The bulk of the cars go to the Southern Illinois field via the southern road at East St. Louis, the others going to Carlinville. This relief in the coal situation that is now coming has been a blessing to the clay-working institutions at White Hall, as about fifty percent service is now being received from the Illinois fields. Small mines at White Hall and Greenfield have made up the deficit for weeks, but it has been a huge task to keep the bunkers replenished with a supply of coal by having to scour the country in the way that the factory people have been doing for a month in order to avoid a shut down.

SKIN HEALTH ESSENTIAL
TO BODILY HEALTH

It is just as necessary to keep the outside of the body protected against germs and infection as it is the inside.

Many diseases are transmitted through the pores of the skin. Many serious infections come from lack of proper skin care.

The best of skin protection is cleanliness. And cleanliness—actual, honest cleanliness—demands use of clean, pure soap. You can't keep the skin clean and in a healthful condition when you log the pores with impure soap.

Remmo Sterilized Toilet Soap is the purest and best Toilet Soap that can be manufactured. It is made exclusively of the purest and most excellent ingredients of greatest cleansing quality. Then these ingredients are sterilized at 198 degrees Fahrenheit. There can be no impurities in Remmo Sterilized Toilet Soap. It cleanses the skin hygienically. Its soft, creamy lather removes all dirt, all accumulations from the pores of the skin. It leaves the skin—the surface of it down to the very depths of the pores—thoroughly clean, refreshed, invigorated. A state of cleanliness that establishes a degree of resistance against ailments that might arise through improperly cared for skin—and with it that desirable pink-and-white quality of complexion that can be acquired only through proper skin care.

Remmo Sterilized Toilet Soap is not a medicated soap—not a soap for emergency use—but an everyday toilet soap of greatest soap purity.—Adv.

CROP CONDITIONS
IN GREENE COUNTY

Winter Wheat Crop Prospect is Discouraging — Potatoes Bid Fair to be a Good Crop—The Locust Situation.

White Hall, June 15.—The more the winter wheat situation is studied in this section, the more discouraging the prospects appear. Wheat is headed, and it is cheating to a large extent on close inspection, and there is an unusual amount of rye. Army worms did damage in spots, but they have run their course. Last week's figure of 80 as to the condition of winter wheat is ample, and the condition may prove out to be even less.

Oats are looking good. All vegetation is beginning to show effects of the hot, dry weather of the past week. There has been no rain, and the average maximum temperature has been 92.4 degrees and the average minimum 3.7. The weather has been favorable for the progress of farm work.

Potatoes are being laid by with prospects of a good crop, but a shortage in acreage, largely because of the excessive price of seed. The strawberry crop is well on the way to being harvested, and raspberries will be next in order with good prospects. The raspberry harvest will probably be in progress within ten days.

The locusts are here, and there apparently is room for no more of them in the timber patches adjacent to White Hall. They are doing damage to timber, but in the apple districts spraying operations seem to be succeeding in warding off the locust ravage. They will probably run their course by the middle of July.

FARM LANDS

Now with the coming of settled weather and good roads we are ready to "go some more." The following farms are just now listed and are being first offered for sale.

(a)—160 acres, three and one half miles from a good Morgan county town, convenient to church and school, public road on two sides and in a splendid neighborhood. There are 100 acres of black land and a little rolling land just at the barn where you need it. New house, large horse barn and other outbuildings. Price \$250 an acre.
(b)—A splendid farm of 220 acres straight south of the city, nearly all level farming land in high state of fertility, well fenced, and all in grass but 40 acres. A good two story house, large horse barn, hog barn and other outbuildings. Price \$190 an acre.
(c)—320 acres four miles from town, well improved, for \$150 an acre. Will consider some city property in exchange.
(d)—80 acres two and one half miles from town. \$45 an acre.

CITY PROPERTY

(a)—In the third ward we have a five room cottage with gas and electricity, paved street, deep lot. \$1600.

(b)—In the third ward a six room house, gas and water inside, garage and chicken house. This is a beautiful home for \$3600.

(c)—In the second ward there is a splendid house of eight rooms, large lot, east front, barn and garage. Fine location. Price \$6000.

THE LEONARD CLEANABLE

can be cleaned in five minutes. It's the only truly cleanable refrigerator.

You wouldn't, of course, eat anything but clean food. Yet food cannot be clean that has been in an unsanitary refrigerator. A bad odor in your refrigerator is always a danger signal.

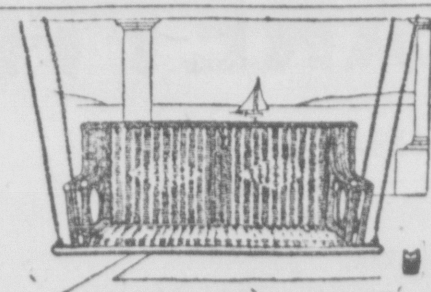

A Leonard Cleanable is made with a one-piece porcelain lining, smooth, pure white, everlasting, just like a piece of china, except that it is unbreakable. This porcelain you cannot possibly scratch, not even with a steel knife blade. It has no cracks or crevices in which grease or germs may collect. It is as clean as a china dish and as easily kept clean. Notice how the porcelain lining of the door is made in one piece.

For your family's sake, learn about the Leonard Cleanable. We want to tell you about its many good qualities. Call and get an interesting booklet, "The Care of Refrigerators." It contains many good points you ought to know.

URGES PEOPLE TO FIGHT CATARRH**WITH SIMPLE HOME MADE REMEDY**

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of Influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcline mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcline—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

GREENE COUNTY LAND SELLS AT HIGH FIGURE

Mrs. Minnie Collins Buys Tract of 187 Acres at Over \$350 Per Acre—Reception for Baptist Pastor — Other Greenfield News.

Greenfield, June 15.—One of the largest land deals ever put thru in this section of the country was made this week when Mrs. Minnie H. Collins purchased the A. J. Edwards farm joining Greenfield on the north and also joining her other large holdings. The price paid for the 287 acres was \$103,000 or over \$359 per acre.

William Good celebrated his 90th birthday Thursday. Mr. Good has been in feeble health

for more than a year and a result of a stroke of paralysis. Mr. and Mrs. Robert Bently, Mr. and Mrs. Thomas Crawford and Mrs. George Frenz of Alton spent the day with him.

The Greenfield Argus has the following to say in regard to a Jacksonville man who visited here last week: W. A. Gillespie was down from Jacksonville in a flivver Wednesday in the interest of the Clover Leaf Insurance Co., what he really needed was accident insurance, as he lost control of his car while driving up to the Batty and Gustine filling station and reduced the station to scrap iron. Mr. Batty went to St. Louis Thursday to purchase a new filling station.

Work on the farmers elevator has been suspended because their crushed rock did not arrive. They have erected a tower 107 feet high and have the forms ready for the concrete work as soon as the rock arrives.

Several of our college students have returned home for vacation. Miss Faith Hill has returned from Northwestern university at Evanston. Miss Emily Gravens who has been attending Shurtliff college, Alton, Don Henry from Illinois college, Jacksonville and Miss Virginia Gibbs from Monticello seminary.

Donald Piper of this city and Miss Emma Hubbard of Carrollton were married in St. Louis last Thursday. They will reside in Greenfield where the groom has charge of the Standard Oil Co.

Mr. and Mrs. Lurten Tucker and Miss Rosalee and Ada Stanifer were visiting friends in Jacksonville Tuesday.

Mr. and Mrs. C. T. Metcalf attended the graduating exercises at Knox college at Galesburg Monday. Their daughter, Miss Anita, was one of the graduates. The Travelers club held its closing meeting of the year with Mrs. R. B. Ellis Friday afternoon. Several musical numbers were enjoyed. An interesting paper on "Adventures in Studios," was read by Mrs. George M. Hill. The following officers were elected for the coming year: President, Mrs. George M. Hill; vice president, Mrs. V. H. Haven; secretary, Mrs. E. H. Traube; treasurer, Mrs. J. B. Parks.

Although Greenfield has many new homes and is progressing in every line the census returns show a shortage of 12 in the population from ten years ago. The report shows population of 1,149. Carrollton, Rockbridge and Kane have also fallen considerably behind since the last census.

Several cases of small pox are reported in our community although in a very light form.

The good people of the Baptist church showed their love for their pastor, Rev. Minor Good-

sell, who was recently married when they gave him a reception last week at the home of Mr. Short.

Mr. Goodsell and his wife were presented with a nice chest of silverware and two lovely rocking chairs.

HEROES OF '60 OUT WITH FACTS

Want Public to Know How Much Good Tanlac Has Done at Old Soldiers Home.

So many of the old 'Vets' out at the Soldier's Home in Leavenworth have been benefited by Tanlac lately that they decided the fact ought to be made public.

The call for volunteers to report the matter was quickly answered by J. F. Johnson and C. H. Ostrander, each seventy four years of age, and David M. Cain, who is now in his eightieth year.

Their statements, which were received at the Tanlac offices a few days ago, all seem to have been signed with a steady hand and tell in no uncertain terms of the remarkable results these old heroes of the 'Sixties' have obtained from the Master Medicine.

David M. Cain, Corporal of Company "L," Ward 1, the oldest of the trio says: "I have lived a long time and have had lots of experience with medicines, but I have never come across the equal of Tanlac. It has not only rid me of a case of nervous indigestion of eight years standing, but I have actually gained sixteen pounds in weight by taking it. Before taking Tanlac I had no appetite and what little I did eat would sour on my stomach and I would swell up with gas until I could scarcely breathe. My heart would palpitate at a terrible rate and I also had raging headaches and often got so dizzy I could scarcely stand on my feet. I had pains all through my body and was so weak it was difficult for me to get around at all.

"But Tanlac has done away with all my miserable feelings and put me in better shape than I have been for eight or ten years. I can eat just anything I want and my appetite is a caution. And sleep, why, I just sleep like a log every night, feel good and strong and have more energy than I have had in years. I have recommended Tanlac to many of my comrades, who have also taken it with fine results. It certainly is the right medicine for old folks."

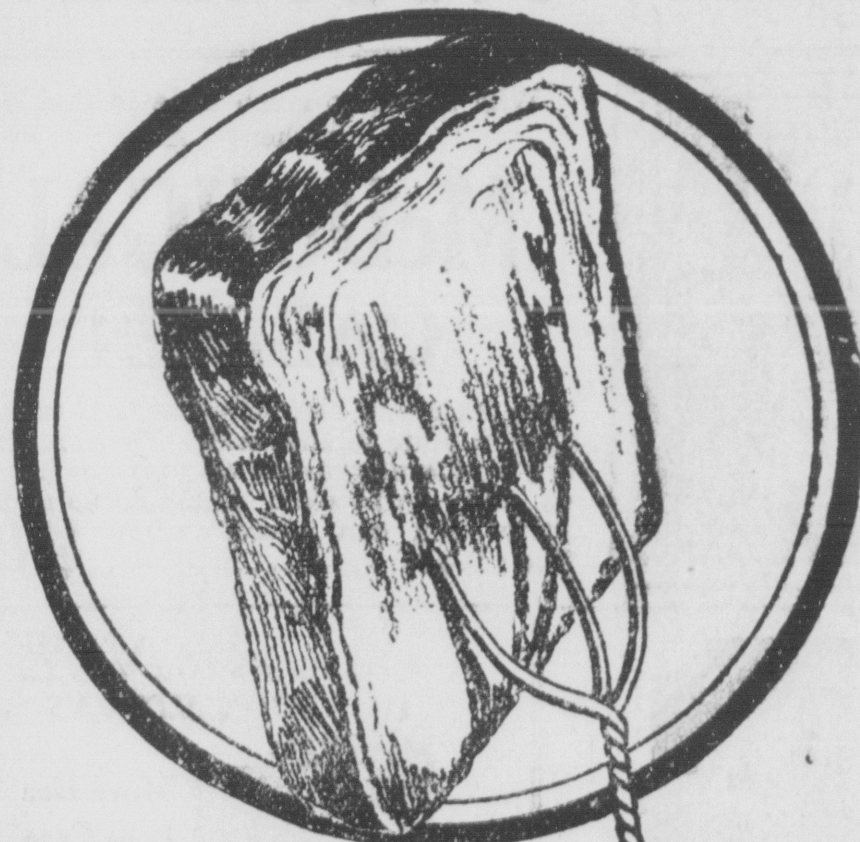

"At the time I began taking Tanlac," said J. F. Johnson, "I couldn't eat or sleep to do much good and just felt miserable all the time. I suffered from indigestion, dizziness, pains in my back, and about all my strength had left me. I had just about come to the conclusion that I would never be well again, but I am now in better physical shape than I have been for a long time. In fact, I don't think I ever felt much better, even when I was a young man, than I do since taking Tanlac."

C. H. Ostrander says: "I believe I had about all the miserable feelings anybody with indigestion can have, and I was so weak and nervous I could hardly drag around. I had been battling with this condition for three years and was ready to give up the fight. But by the help of Tanlac I am now feeling fine."

"I'd like to tell all the soldiers everywhere how Tanlac is helping us here in Leavenworth."

Tanlac is sold in Jacksonville by Coover & Shreve and by the leading drug store in every town.

Saving 3 Hours 53 Minutes on Every Bushel of Corn

MR. Frank D. Gardner in Successful Farming says that, with man power, from plowing to feed trough it takes four hours and thirty-four minutes work to raise one bushel of corn. The use of power machinery has reduced this to forty-one minutes, thus enabling one man to do the work of six.

The importance of this saving of time may be realized when we learn that for 1920 Iowa is short 50,000 farm hands. Similar conditions are reported from the Middle West generally. This presents a serious problem.

The answer is gasoline power used in tractor, truck and automobile. The food supply of the future depends upon gasoline.

Last year the Standard Oil Company (Indiana) provided the Middle West with power for 16,438,000 motor miles a day. Much of this went to the farms to help multiply the crops. Much of it was used in motor trucks to help the farmer get his crops to market.

The demand for gasoline was great, and the Standard Oil Company (Indiana) was ready with the supply. That silent, watchful readiness was based upon the foresight and resourcefulness of an organization trained to its task through years of experience.

The manufacture of gasoline is not the sole function of the Standard Oil Company (Indiana). Equally important is its service of placing the gasoline where the consumer can get it easily and quickly.

More than 1,300 Service Stations and over 7,000 tank wagons and trucks are operated by the Standard Oil Company (Indiana) to make gasoline and lubricating oils constantly available for increasing the 1920 crops.

Daily Market Report

CALL LOANS RULE

ON STOCK EXCHANGE

NEW YORK, June 15.—Almost the only noteworthy feature of today's somnolent stock market was the relative ease of money. Call loans ruled at 7 per cent, regardless of the enormous transfers of cash incidental to payments of income and excess profits taxes. Time money was quotably unaltered. Stocks derived their sole support and occasional upward impetus for pools, the professional element being unusually active in specialties.

Higher quotations for independent steels and kindred equipments were traceable to the same influences.

Crucible Steel was a conspicuous exception to the general industrial list at one time, showing a loss of about 10 points, but recovering almost half.

Rails owed their perfunctory rally to favorable crop prospects and unofficial denial of recent adverse dividend rumors. Sales, 335,000 shares.

SUSPECTS HELD AT CITY PRISON

Two men giving their names as George Daniels and George Griffin, both colored, are held at the city prison suspected of trying to work a swindling game on Silas Timberlick.

Mr. Timberlick reported to Chief Kiloran shortly after noon that two men had tried to work the old found pocketbook game on him. This was worked here several years ago, Dallas Lee, now dead, and Mrs. Josephine Valentine being the victims.

However, Mr. Timberlick did not fall for the swindle, but instead reported the matter to the police.

Chief Kiloran and Patrolman Baker and McInnis immediately started in search of the two men in the police car. The men under arrest were located at the Burlington station and locked up. Chief Kiloran is pretty sure they are the ones wanted. However, he said that he intended to have them sentenced as vagrants if the other charge cannot be upheld.

TO THE STATE ENCAMPMENT.

Among the G. A. R. Men who expected to go to the state encampment were commander Frank Wigginst, L. Goheen, George Paul and W. D. McCormick.

After the encampment Mr. Paul expected to go to Chicago to visit his brother and daughter. The brother was in the employ of the Tribune fifty years and has retired on a pension of \$90 a month.

GONE TO NORMAL.

Farm Bureau Notes

Canada Thistle.

The county agent recently was called to inspect a patch of Canada thistle in South Jacksonville. This is a decidedly dangerous weed and should be eradicated. A practical way is to cut the plant low at the stage of its greatest weakness just before it blooms, and then break up the ground and keep the ground cultivated clean. The second year cut off every sprout going over the patch once per week and then starve the roots.

Still Sowing Soybeans.

Soybeans are a safe proposition until July 1st. F. J. Schofield, of Lynnvill, took the last Ebony's we had in sight on Saturday night. We still know of a few Mongol and Ohio 935. These last two are very dependable varieties and are worth trying by Morgan county farmers.

Marketing Wool.

Up to the present time twelve of our Morgan county farmers have indicated a willingness to pool their wool and await a better price. As yet we are still short of the 6,000 pounds needed for a profitable shipment. Pike county will quite likely pool its entire clip. The price will undoubtedly be better later on.

Marketing Hearings Coming Fine. The Illinois Agricultural Association program of grain marketing is coming on faster than any of us dreamed of, said William G. Eckhardt, director of the Grain Marketing Department. At every one of the eight congressional district hearings, the men who grow and handle the grain have pledged themselves unanimously to stand back of a farmers' marketing program, who stated. Already 50 communities have asked for men to help organize elevators. In several cases private elevator owners have offered to sell their business to the farmers.

The attitude of the men at these hearings shows that they are ready now to go the limit in establishing a farmers' marketing program which will take the fluctuations and hazards out of the marketing of grain. Hearing will be held at Jacksonville Tuesday at 2 p. m., in Odd Fellows' Temple, East State street.

Meeting of Executive Committee. The executive committee of the Morgan county farm bureau met at the farm bureau office at 7:30 p. m. Saturday evening. President C. S. Black, Secretary H. J. Rice, W. H. Crum and C. J. Wright, G. A. Leach and C. A. Rowe were present. The executive committee authorized a special committee on equipment to change the small chairs recently secured for larger and more comfortable office chairs. The county agent reported the need at once of an assistant adviser and the committee on assistant were directed to take up the matter at once. A canvass of the votes on the farm bureau home proposition showed 280 people out of 1,110 had been interested enough to ballot on the return postal card sent out with a letter explaining the proposition. Of this 280, 150 were for the endorsing of the proposition and 130 were against. The committee took no action in regard to the matter.

The committee appropriated \$50 to be used as premiums in furthering the Pig Club work, recently started in this county. This will be in the nature of prizes ranging from \$10 down. The Breeders' association in this county will quite likely offer additional premiums. The matter of assisting in the building of lime and phosphate sheds wherever there was interest was discussed, but no action was taken. The grain marketing conference on Tuesday was discussed and the members of the executive committee were urged to be present. A special committee was appointed to provide ice water for this conference. The members of the executive committee were urged by President Black to attend this conference. Incidental expenses to the amount of \$125.03 were approved and \$100 appropriated for the incidental fund for the month of June. Rebates were authorized for H. O. Smith and William E. Gordon who have recently become members of the Scott County Farm bureau. A similar rebate was authorized for H. J. Rodgers, who discovered that he was carrying two memberships, one in Waverly and the other in Jacksonville. A special committee consisting of C. J. Wright and George B. Kendall were authorized to confer with the management of the Jacksonville Chautauqua with reference to an annual day at the Chautauqua. The meeting adjourned until the evening of July 3rd without some occasion should arise for changing the date.

The Queen of All Vacuum Cleaners

MRS. HOUSEWIFE

—is your home kept clean and sanitary with a Regina Cleaner?

The Housekeepers Friend

REGINA
VACUUM
CLEANER

Makes heavy
housework
light

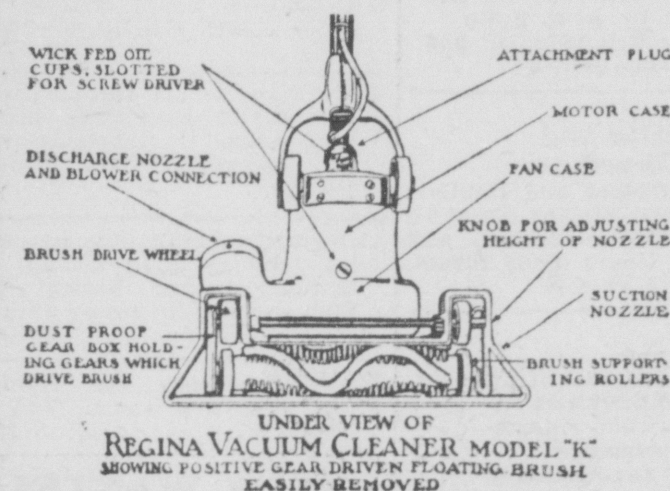

Doubtless you wonder why a Regina is a queen, principally because of the Floating brush feature—which is not the old-fashioned brush that has been wrecking rugs and carpets for years but has been built and designed by scientists to clean and protect your rugs and carpets.

If the nap is long the brush will run high, on short nap carpets the brush will run low, the automatic adjustments does away entirely with friction, thereby protecting your carpets.

The floating brush being equipped with fibre sections sends a displacement of air over and under the brush, keeping the brush clean and free from the cotton, threads, lints, and all rough particles, which it sweeps into the bag.

The floating brush turning always in the opposite direction, gently agitates the nap, being always in advance, paves the way for the suction, making the cleaner 100 per cent efficient.

Get Goodyear Tire Economy for That Smaller Car

Just as owners of the highest-priced automobiles get greater mileage and economy out of Goodyear Tires, so can the owners of smaller cars similarly enjoy Goodyear advantages.

The 30x3-, 30x3½-, and 31x4-inch sizes of Goodyear Tires are built to afford a money's worth in performance and satisfaction which only the utmost in experience, resources and care can produce.

This extraordinary money's worth begins not only with the merit of these tires, but also with the first cost, which in most cases is no greater, and sometimes actually is less, than that of other makes of the same types of tires.

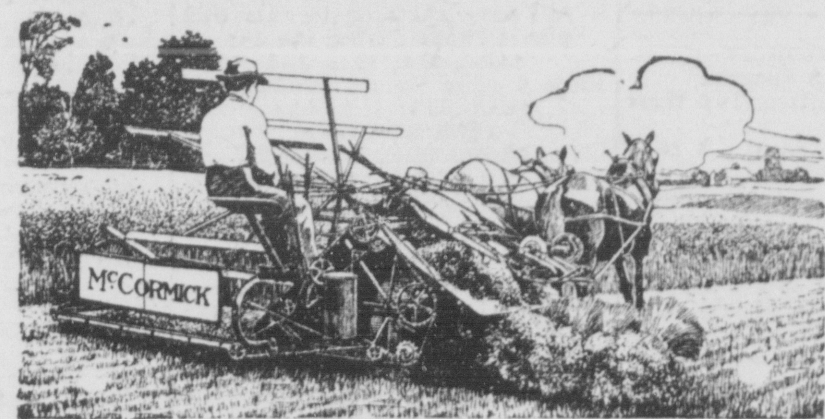

Go to the nearest Goodyear Service Station Dealer for Goodyear Tires for your Ford, Chevrolet, Dort, Maxwell, or other cars taking these sizes. He is ready to supply you Goodyear Heavy Tourist Tubes at the same time.

30x3½ Goodyear Double-Cure
Fabric, All-Weather Tread \$23.50

30x3½ Goodyear Single-Cure
Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$4.50

GOODYEAR

The McCormick BINDER

It saves the day, when it comes to DOWN TANGLED GRAIN, when some spots in the field are light and short, other spots extra heavy, tall or down and tangled, over ripe or green, when it takes a real machine to do the work right, then McCormick leads the world.

The elevators automatically adjust themselves to all these conditions, carrying the grain to binder head where it makes a perfect bundle and ties just right. The adjustment of the reel allows you to pick up all the grain, placing it on the platform so the elevator can take care of it satisfactorily.

Play Safe

Buy the Improved McCormick and you will not regret it. "Better be safe than sorry." The past experience of so many who have tried other machines is: "I wish I had bought a McCormick." Save this regret.

Come in and allow us to show you the real satisfactory binder for the real successful farmer.
